Dear Rev. Howard and Students:

Thank you so much for the African medallion featuring pictures of Dr. Martin Luther King, Jr. and me. You do excellent work and I appreciate your generosity.

I also read with interest the two articles regarding Kid Co. This is a very impressive venture and it sounds like you are doing very well. All my life I have heard the expression, "God bless the child who has his/her own." It sounds like you already understand that old adage! It will serve you well.

Again, I appreciate your thoughtfulness. Best of luck in your venture. Have a safe and happy summer!

Sincerely,

COLEMAN A. YOUNG
Mayor
